AGENDA

DAY 1

2026.04.22

DAY 2

2026.04.23

DAY 3

2026.04.24

Regions in transformation

22 April 2026 • 14:30 -16:00 • Conference Room 7

Online broadcast session

Session translated simultaneously EN / PL

Thematic scope

An international perspective on profound changes in the energy sector – their long-term effects and social and developmental context. Experiences of European regions in the process of energy transition. Programmes, directions and models of change, tools and examples of lasting results. Changes in the labour market, investments and modernisation, new opportunities and possibilities. The role of partnerships and international cooperation in building a modern, low-emission economy.
